WHO

K7 Adventures Caving instructors have plenty of practise and experience caving - some instructors nationally and internationally. Instructors have a strong mix of skills instructing abseiling at Devil's Punchbowl and into Daylight Chamber as well as exploring known and new caves. We are environmentally conscious when entering cave systems to preserve natural features.

Caving at Wee Jasper : K7 Adventures Caving Team Lindsay, Neil, Armando Peter, Brian, Greg, Acacia, Rob

What we can do for you & your students.

K7 Caving Team brings to your school - a wealth of experience on rock and in caves system. With that experience comes knowledge and safety plus fun and interesting interpretation of natural caves systems. K7 complies with the Caving Code to ensure that we protect natural systems. We 'leave no trace' in caves.

SUMMER HOLIDAYS

- For dedicated cavers - talk to us about more opportunities to explore natural Karst systems in different locations

Caving **is exciting and fun** especially for young people when they will push through their comfort zone to explore underground. We start with an abseil experience at *Devil's Punchbowl* before taking your school into *Daylight Chamber* where you abseil over 40 metres with a head torch into the **underground world!** As well as the challenging abseil, there are fun, interesting and easy access caves to explore. K7 specialises in introducing school students to the outdoor world in a safe and organised manner so that your school enjoys outdoor education programs with full confidence, where students build trust and where everyone is a winner!

Tailor Made - Caving Programs

K7 Caving School will design your school program to suit your timetable. We include everyone from absolute beginners to students who have had previous abseiling or caving experience. We make it safe, friendly and focus on individual confidence. **Caving, where safety is second nature.**
