WHO

K7 values the extensive level of experience of its mountain guides when and where it counts - in the natural environments of the Snowy Mountains. Our guides are fully experienced and qualified, able and willing to guide your students on simple half day nature appreciation walks to full day high altitude walking to Mt Kosciuszko or multi-day adventures that require in-depth planning, preparation & excellent navigation skills. Your Guides are at home in the mountains. This is where they belong and feel at home - they know each walk intimately and will provide your students with the best and safest experience.

K7 Mt Adventure Walks Team - Mike, Matt, Zac, Acacia, Pete

What we can do for you & your students.

K7 Mt Adventure Walks brings a new dimension to hiking! Mt Walks are an amazing personal journey as much as they are a fitness, endurance & navigation challenge. From an easy half day walk in the sub-alpine area, to the full day Kosciuszko Classic, Glacial Lakes Walk and Bob's Ridge Return, walkers can progress to the extraordinary Ten Peaks Challenge and multi-day, self-supported walks through the high country as a part of the Duke of Edinburgh Award.

Adventuring into the high country **is different on every day of the year!** K7 programs are guided by *your agenda*, ambitious or otherwise, the weather, preparedness of students, their goals and what they hope to achieve! K7 combines Mountain Adventure Walks with *magnificent* photographic opportunities under the guidance of our Alpine Photographer **Mike Edmondson**. We will teach your students essentials of preparation for hiking in the mountains including map reading & navigation. Learn to read the landscape and how it guides our route finding and selection of campsites. Join K7 Mountain Guides for an in depth understanding of mountain geohistory, flora and fauna through our environmental education program. **Camp at the sub-alpine level or glamp in a lodge** and embark on a series of day walks that are fun and challenging. *Every school student wants to climb to the top of Australia* - let us take you **Mt Kosciuszko** during all seasons including on snow shoes in winter or spring (weather permitting) or join K7 in Term I & IV to make the most of the summer temperatures. Be first to enjoy the first of the sub-alpine and alpine wildflowers!

K7 Guides have spent much of their working and recreational time living in, exploring and enjoying the mountains. Be safe with us!
